Year 9 – Industrial Technology (IT) – Multimedia (MM)

Workplace Communication Skills

1. List the features of workplace signage, eg. colours, images, wording and where these signs are used.

2. How should you respond to the different types of OHS signage? Give four examples.

3. Why is freehand sketching important in planning multimedia projects? Give three reasons.

4. What are storyboards? Give an example of a storyboard you have or will use in multimedia.

5. Explain the difference in the text types used to support the documentation of practical projects:
   a) Procedure (how you will do something)
   b) Factual recount (a report)

Societal and Environmental Impact

1. Explain end user requirements and limitations in both skills and access to hardware and software to enable the end user to utilise computer based information.

2. Describe the environmental and societal implications of the change from traditional paper-based presentation media to digital media.

“Design is an opportunity to continue telling the story, not just to sum everything up.” - Tate Linden
